PROFILE

Marketing Manager with 8+ years' experience delivering digital growth, lead generation, ecommerce transformation and integrated marketing campaigns across international B2B organisations. Proven track record of developing marketing strategies for complex product, service and software portfolios, including regulated ISO-certified service businesses, SaaS and subscription-based software solutions, industrial technology products and distributor-led commercial operations.

Combining strategic planning with hands-on execution, I have led website transformation projects, CRM programmes, ecommerce initiatives and multi-channel marketing campaigns that increase visibility, improve customer experience and support commercial growth. Experienced in product positioning, market expansion, customer adoption programmes and stakeholder engagement across diverse customer segments, including local authorities, public sector organisations, distributors and global enterprise customers.

Comfortable operating within technical and regulated environments, translating complex products, services and software solutions into clear customer value propositions. Experienced in leading cross-functional projects, managing agency relationships and coordinating regional marketing teams, supporting colleagues through mentoring, training and the successful delivery of strategic marketing and digital transformation initiatives.

KEY ACHIEVEMENTS

Increased global website traffic by 25% year-on-year, generating over 500,000 annual page views through website optimisation, SEO strategy and content development.

Delivered a 15% increase in global lead generation through audience segmentation, customer journey improvements and targeted digital marketing campaigns.

Improved organic search visibility by 10% through technical SEO enhancements, keyword expansion and performance-led content strategies.

Led the development, launch and adoption of a Shopify-based distributor ecommerce platform, generating £225,000+ across 160 online orders while improving the customer purchasing experience.

Reduced sales support processing time by 50% through workflow automation, systems integration and digital process optimisation.

Implemented automated lead routing and regional user segmentation to improve conversion efficiency, customer experience and sales engagement across multiple markets.

Supported the growth and adoption of subscription-based software and digital customer platforms through user-focused content, customer communications and engagement initiatives.

Produced executive reporting dashboards and digital performance insights to support strategic decision-making and continuous optimisation across international markets.

PROFESSIONAL EXPERIENCE

Digital Marketing Manager | Avery Weigh-Tronix | Sept 2023 – Present

Lead digital strategy across multiple product categories, service offerings and customer segments spanning industrial technology products, ISO-certified services, distributor channels and digital customer platforms.

- Managed the redevelopment of the global website ecosystem, increasing website traffic by 25% year-on-year and generating more than 500,000 annual page views through SEO, content and user experience improvements.
- Increased global lead generation by 15% through audience segmentation, regional optimisation and targeted digital marketing campaigns.
- Improved organic search visibility by 10% through technical SEO enhancements, keyword expansion, content development and ongoing performance analysis.
- Led the development, launch and adoption of a Shopify-based distributor ecommerce platform, generating more than £225,000 from 160 online orders while improving the customer purchasing experience.
- Implemented automated lead routing, regional user segmentation and workflow automation, reducing sales support processing time by 50% while improving customer experience and sales engagement.
- Developed marketing strategies and content across industrial products, ISO-certified service offerings and digital customer platforms, adapting messaging to distinct customer needs and commercial objectives.
- Led cross-functional digital transformation projects involving regional marketing teams and business stakeholders, coordinating priorities, training colleagues and supporting the adoption of new technologies and marketing processes.
- Produced executive dashboards and performance reporting across multiple international markets, providing insights and recommendations to support strategic decision-making and marketing investment planning.

Website & Marketing Automation Lead | Safety Technology International | Oct 2018 – Sept 2023

Led website management, marketing automation and digital marketing activity across a global manufacturer of fire safety and security solutions, supporting lead generation, customer engagement and brand visibility across international markets.

- Delivered integrated digital marketing campaigns across website, email, content and social media channels to support lead generation and customer engagement objectives.
- Managed website development and optimisation projects, using SEO analysis, keyword research and customer insights to improve search visibility, user experience and content performance.
- Created and managed website, email and social media content, balancing planned campaigns with reactive communications to support product launches, customer engagement and business priorities.
- Implemented and managed CRM and marketing automation programmes through Salesforce, improving lead management, customer communications and campaign effectiveness.
- Planned and coordinated exhibitions, trade shows and customer-facing events, managing promotional activity, marketing collateral and event communications to maximise engagement and brand visibility.
- Coordinated external agencies, developers and suppliers, ensuring marketing projects were delivered on time, within budget and aligned with business objectives.
- Produced marketing performance reports and campaign insights, supporting data-driven decision making and continuous improvement across digital marketing activities.
- Worked closely with sales and business stakeholders to develop digital campaigns, content and customer communications aligned to commercial objectives and market opportunities.

ADDITIONAL LEADERSHIP & MARKETING EXPERIENCE

- Lead sponsorship development, social media activity and first-team leadership for a growing community hockey club.
- Established and launched the club's first sponsorship programme, generating £2,500 in sponsorship revenue during its inaugural season.
- Increased sponsorship commitments to £3,500 for the following season, securing six local business partners through targeted outreach and relationship management.
- Manage sponsor communications and act as the primary liaison between the club and commercial partners.
- Oversee social media planning and content creation across Facebook and Instagram, generating more than 300,000 views.
- Lead the club's first team as captain, fostering a positive culture and supporting player development.
